There are a lot of reasons why A.I. sucks:

- huge environmental damage
- theft of creative works
- too many antidemocratic tech bros
- A.I.-psychosis
- ... and so on

you don't need
A.I. images

It's a huge treasure!

That all being
said - there is still one
positive side effect of A.I.:

"The passion of creation" by
Leonid Pasternak (1862-1945)

I don't get any more illustration
requests by assholes, that don't value
my work and time. Before A.I. they
were like: "Do it for free, you gain visibility
on my facebook page with 300 followers!"
Or "Isn't 70¢ more than enough for
25 drawings?"
Now these jerks
use A.I. and leave
me in peace.
